SAVE THE DATE

RIDE OF THE HEADLESS HORSEMAN

Camp Maubila, Grove Hill

October 23–25, 2026

This is not a Halloween party.

A skills-based, story-driven Camporee built around one idea:

Daylight prepares the camp. Night tests it.

Camp Maubila | October 23–25, 2026

This is not a Halloween party.

This is a skills-based, story-driven camporee built around one idea:

Daylight prepares the camp.
Night tests it.

Patrols will train, build, navigate, and compete through structured daytime challenges designed to sharpen real Scout skills — leadership, first aid, pioneering, navigation, marksmanship, and teamwork under pressure.

Competition officially begins Saturday mid-day.

However, Saturday morning offers optional skill intensives in Orienteering and Pioneering. Patrols who attend may recognize significant advantages later — especially after dark.

After sunset, the experience changes.

Signal hunts.
Night navigation.
Moving in the woods.
Leadership
Immersive competitive scenarios.

The most important challenges unfold in the dark, and activities may continue until approximately **2:00 AM Sunday**.

This event is designed to older Scouts, test patrol cohesion, and reward preparation.

Arrive Friday night — or very early Saturday — to be fully prepared.
