Saturday AM- SPEECH 3

[Opening – During or immediately after Flag Ceremony]
(Flag team enters and raises flag as music or bugle plays.)
Director:
"Good morning, Avengers!"
Pause for Scouts to respond enthusiastically.
"Let's begin our day the right way — standing tall, proud, and united under our flag.
Everyone, please remove your caps and join me in the Pledge of Allegiance."
(Lead Pledge of Allegiance.)
"Thank you. Scouts, remember — being an Avenger is about service, honor, and teamwork. The flag represents those same values. Every action today — how you help a teammate, how you face a challenge, and how you show respect — reflects the Scout Oath and Law."

[Transition to Morning Announcements]
"Alright, Avengers, let's get ready for a big day!
We've got about 100 Scouts here this weekend, divided into **four GROUPS**, each wearing a **different colored T-shirt** representing the **Infinity Stones.**
You'll also see about **60 Camporee Staff** around the field — they'll all be wearing **orange shirts.**
Those are your **Avengers Trainers and support crew.**
If you need help, directions, water, or a quick recharge — find someone in orange!"

Mechanics of the Morning

- You'll **move with your assigned color GROUP** and **rotate among four Avengers Training Stations** this morning.
- Each rotation lasts **50 minutes**; we'll rotate **on the hour** — at **8:00, 9:00, 10:00, and 11:00.**
- We'll meet back here for **lunch at 12:00**, and resume afternoon by meeting here at 105 **PM.**

Each station will have smaller sub-stations to keep things moving.
If your troop has **fewer than 10 Scouts**, no problem — go as you are.
If you have **more than 10**, we will divide into two smaller groups — each group will complete the challenge, and your troop's **score will be averaged.**

Competition and Scoring

- You'll **compete by troop or pack**, not by color group.
  The color shirt is just for team organization — scoring is by **unit number**.
- Each challenge earns you a **colored crystal** based on performance and teamwork.
  Don't lose it — you'll need it later!
- After your fourth morning rotation and again after your afternoon rotations, your troop will **deposit your earned crystals** into your unit's jar at the dining hall.
  Those jars represent your **Infinity Power** — so guard them well!

Reminders for Every Avenger

- **ALWAYS wear your colored Camporee T-shirt** — every Scout, adult, and staff member.
- **Carry your bottled water**, **compass**, and **map** with you at all times.
- **Stay with your group** — this isn't a solo mission.
- Respect all safety directions from the orange-shirted Avengers Trainers.

And remember: **Lights out at 11:30 PM both nights.** Early start again tomorrow!

Special Feature

Saturday AM- SPEECH 3

Today's special challenge includes:
"What Would an Avenger Eat?" — a fun look at high-energy snack choices to fuel your mission. Don't miss it! This will be in the CRAFT AREA – and you will participate in this

---

⚑ Closing Before Release
"So here's the plan:
After the flag is lowered this evening, we'll review scores, award stones, and share updates before cracker barrel.
But for now —
Get hydrated, get focused, and prepare to train like an Avenger!"
(Pause, smile)
"Leaders in orange — please guide your color groups to your first station.
Avengers… assemble!"
